3.1.3 2008 State and Federal Legislative Program

Councilmember Larry McCallon presented the recommendations from the CEHD to the 2008 Legislative Program. They are:

- Add provision in Goods Movement Section providing for enhanced security, including technology enhancements, to ensure that goods entering the US from foreign jurisdictions are safe;
- Strike reference to **increase** the sales tax on gasoline from the Develop Section on Transportation Finance (page 19), so that it reads in the 2<sup>nd</sup> bullet in pertinent part "...including proposals to increase transportation funding through user fees and sales taxes on motor vehicle fuels and by adjusting the fuel exercise tax rate to maintain historical purchasing power."
- Page 1, second principle to read:
   Seek legislative actions that Promote the goals and objectives of
   the Regional Comprehensive Plan (RCP), SCAG's visionary effort
   tie together SCAG's role in transportation, land use, and air
   quality planning to define and create a livable, sustainable,
   successful region.

Councilmember Wapner stated that the TCC also reviewed the Legislative Program and presented their recommendations. They are:

- Add in the State Transportation Funding section: to provide specifically (rather than generally) for complete protection of Proposition 42 funds from future borrowing or use for any purposes other than transportation;
- Add to the Federal and State Transportation sections: to support at
  the federal, state, and regional levels for High Speed Rail
  deployment including support specifically for the preparation of
  preliminary engineering for the extended initial Operating Segment
  (IOS), the federal Environmental Impact Statement (EIS), and the
  state Environmental Impact Report (EIR) necessary for
  public/private investment, as well as funding to complete
  deployment of the IOS by 2010;

- Add to Develop section on Transportation: to support efforts to reduce the vote threshold from 2/3s majority to 50%+1 for proposals to increase the sales tax for self-help counties;
- Add to Federal Transportation section: to protect provisions for funding under the Congestion Mitigation Air Quality Program (CMAQ);
- Add graphic from Goods Movement Section in 2007 Program showing 43% of goods flowing through the region to the nation;
- Adopt recommendations of the OCCOG to strike references to RCP in the Legislative Program and the sections relating to Land Use Planning in the Develop portion of the Program.

Councilmember Young stated that the RCP should not be referenced within the program and recommended that the language "SCAG shall promote" be incorporated where appropriate within the document. Motion was seconded by (Pettis).

Councilmember O'Connor expressed concern regarding the section referencing the increase of sales tax on gasoline. She emphasized that the gas tax be appropriately utilized.

A substitute Motion was offered to keep the RCP language within the legislative program. The Motion was seconded. There were 27 AYES and 4 NOES. The Motion passed.
